WEDNESDAY.

The second day of the Bourbon Fair was marked by one of the best exhibitions seen on the grounds of the Bourbon County Agricultural Society in many years. There was a very noticeable falling off in the attendance, due in a great measure to the Camden barbecue held near Versailles.

The stock exhibit yesterday was said by many who have been attending the fair for years, to have been of the very highest order and competent judges were of the opinion that the competition could not have been greater in the majority of the rings shown during the day.

The weather was ideal for the exhibition, although a threatening cloud which made its appearance late in the afternoon, caused a bit of uneasiness for fear of a heavy rain, but the result was only a slight cooling of the atmosphere, which added to the comfort of those in attendance.

Aside from the stock exhibit the baby show under the auspices of the Babies' Health League, was the center of attraction. Only the babies admitted to the honor roll by making a score of 90 per cent, or better were shown for the prizes offered in the Class A of the exhibit. The first prize was won by James E. Clay, son of Mr. and Mrs. Samuel Clay, of Bourbon, who made a score of 95 points, while Margaret McCray, daughter of Mr. and Mrs. Tom McCray, of North Middletown, and Mary Elizabeth Hughes, daughter of Mr. and Mrs. John Hughes of Paris, tied for the second prize, each attaining an average of 90½.

Others of the honor roll babies entitled to participate were Robert Talbot Gaitskill, son of Mr. and Mrs. Virgil Gaitskill, of Austerlitz, average 94½; Robert Baker, son of Mr. and Mrs. Granville Baker, Bourbon county, average 90½; William Talbot Baldwin, son of Mr. and Mrs. Grover Baldwin, average 90½. Mrs. W. H. Whitely was in charge of the exhibition. Those interested in the event were greatly disappointed that the baby winning the first prize was not present.

BURLESON INAUGURATES NEW PARCEL POST RATES.

Postmaster General Burleson has inaugurated the new regulations changing the parcel post rates and weight limit by mailing President Wilson a box of fine Georgia peaches. The box which weighed seventeen pounds with a postage of 13 cents, was delivered at the White House early in the day. With it came a note in which the Postmaster General said:

"This is an illustration of the opportunity which has been opened to the farmer, the horticulturist, the manufacturer and to every citizen of the country who will avail himself of this valuable adjunct of the postal service in the promotion of commerce and happiness of our people."

The new regulation which is now in effect, raises the maximum weight of parcel post packages from eleven to twenty pounds, and makes certain changes in the rates. The local delivery rate of postage are reduced from 5 cents for the first pound and 1 cent for each additional two pounds or fraction thereof. The first and second zones, covering a radius of 150 miles from each local postoffice, were consolidated and rates in them reduced from 5 cents for the first pound and 3 cents for each additional pound (the first zone rate) and 6 cents for the first pound and 4 cents for each additional pound (second zone rate) to 5 cents for the first pound and 1 cent for each additional pound.

BRYAN HAS LEFT LETCURE PLATFORM.

Secretary of State Bryan has decided, as the result of unfavorable criticism, to abandon the Chautauqua lecture platform while serving as a member of the Cabinet. This news comes in the form of a signed statement in the Commoner, of which he is the editor, which has reached Washington.

After endeavoring to answer briefly the comments that were made upon his recent departures from Washington for the purpose of picking up large fees for his lectures, Bryan states his intention to devote his time to his official duties hereafter.

WASHINGTON RELIEVED REGARDING MEXICO.

The Mexican situation is far less threatening than it was 24 hours ago. The press reports which came in about 12 o'clock last night from Mexico City, to the effect that President Huerta had demanded immediate recognition from the United States on the penalty of rupturing diplomatic relations, lack official confirmation.

In fact Secretary of State Bryan received a dispatch from Nelson O'Shaughnessy, Secretary of the American Embassy, at 4 o'clock this morning declaring that no such ultimatum had been delivered. This contradiction of the press dispatches brought a feeling of great relief to Administration circles, inasmuch as the State Department had been benighted of the character of the press reports from the Mexican capital as soon as they had been received last night.

The unanimity of all the dispatches from American correspondents in Mexico City with respect to the deliverance of an ultimatum is inexplicable. The representatives of the leading press associations and newspapers cabled substantially the same general report that President Huerta had threatened to serve diplomatic relations with the United States unless recognition was extended to him by 12 o'clock last night.

The assumption here is that word to this effect had been passed out to them from the Mexican Foreign Office, who made the announcement that Special Envoy John Lind would not be received by the Mexican Government unless he bore credentials and notice of the recognition of President Huerta. Any way, the fact remains that this Government has received no such ultimatum.

FIGHT IN LEXINGTON TO BAR THE MOTORCYCLE.

At the regular weekly meeting Monday of the Board of City Commissioners in Lexington an ordinance was introduced declaring motorcycles to be a nuisance, and prohibiting their operation on the streets of the city under a penalty of \$50 to \$100 fine and 30 days imprisonment in the workhouse. Mayor J. E. Cassidy in presenting the ordinance stated that he did so at the request of a prominent citizen, who had been greatly annoyed by the wanton disregard of the law, excessive speed and noise of these machines, and while the measure in its present form could not in his estimation, become an ordinance, he recommended that it be referred to the City Solicitor for incorporation in part into the new automobile and motorcycle ordinance which it is proposed to draft as soon as City Solicitor Denny returns from the East.

The ordinance was given its first reading and referred to the City Solicitor.

The attention of the Commissioners having been called to the danger from automobiles to persons alighting from street cars, the matter was discussed and it was found to be the opinion of the Commissioners that a provision should be incorporated in the proposed new automobile ordinance directing that all automobiles stop within ten feet of street cars while discharging passengers.

DEEP PLOWING SAVED CROP FOR MANY FARMERS.

Since the August crop report was issued Commissioner of Agriculture J. W. Newman said Friday some crops in certain portions of the State have deteriorated, and it is too late for rain to help some of them. Hay and wheat over the State averaged about the usual crop and oats is up to the average, but not equal to last year's crop. Corn and tobacco have suffered, and it is impossible to estimate how far below last year's crop they will yield. The reports from many counties merely said corn and tobacco are tobacco are burned up. A loss of 40 per cent. may be sustained as compared with last year's output.

On this point Commissioner Newman recalled a warning he issued to the farmers last spring, and said that so far as he had heard, those who followed the directions of the department and plowed deep and cultivated continually, keeping the ground stirred up and conserving the moisture, have secured practically an average yield. He has been carrying on a campaign to secure deeper plowing and better cultivation, and is taking pains to ascertain how those who followed his advice are faring in this unusual season.

NEWT. ARNOLD, BAILEY'S SLAYER TAKEN TO THE PENITENTIARY.

Newt. Arnold, of Bourbon county, convicted in the Pendleton Circuit Court at the May term, and sentenced to the penitentiary for from two to twenty-one years, for the murder of Harry Bailey, a prominent attorney of Cynthiana, last January, was taken to the Frankfort penitentiary yesterday to begin his sentence.

Arnold was in charge of Sheriff L. B. Furnish of Harrison county and the officer with his prisoner stopped over between trains in this city. At the L. & N. passenger depot a number of Arnold's relatives, including his wife and children, were in his company until the departure of the Frankfort train.

According to Sheriff Furnish, Arnold has proven himself a model prisoner during his incarceration in the Harrison county jail, and although he has suffered to some extent from his confinement, he looks to be in excellent health. The parting between the prisoner and his wife and children was indeed pathetic.

CARLISLE MASONS MAY CONSTRUCT TEMPLE.

A Masonic Temple probably will be erected in Carlisle by Daugherty Lodge, No. 65, F. and A. M. It is said that the temple will occupy part of the Dinsmore lot in Locust street, adjoining the Louisville & Nashville passenger depot, if this can be purchased, and Mahers, Potts & Co. and the Lyric Theatre will also build on the same lot, making improvements worth several thousands of dollars in that section of the city.

CUSTOM OF SLIPPER THROWING.

According to a French historian, the custom of throwing the slipper after the newly married couple originated in the far East, thousands and thousands of years ago, and from there spread all over the world. It is still practiced, in the Oriental countries, but has developed into more of an act of renunciation. A father, for instance, who would renounce his son, would do so by taking off his shoe, strike him with it, or if he were too far away, throw it after him. In the Roman days the losing of a shoe from a foot was the legal form of a renunciation, and came originally from popular folklore. Stories are on record in Egypt of collections of shoes and sandals being made at the wedding of a rich man and woman, and the vehicle in which they were carried away fairly deluged with them. It was all done in much the same spirit in which such frolics are carried on in modern days.

HOW THE TROUBLE STARTS.
Constipation is the cause of many ailments and disorders that make life miserable. Take Chamberlain's Tablets, keep your bowels regular and you will avoid these diseases. For sale by all dealers. (August)

COLLINS ACCEPTS THE CHALLENGE OF BARNES.

"Sailor" Collins, who was challenged for a ten-round bout at the Grand Opera House on September 4, by "Gipsy" Barnes, has accepted the challenge, and requests the News to state that he will meet Barnes on Wednesday evening to arrange the conditions of the fight.

Vedrine has now covered, all told, 36,000 miles of cross-country flying. He left for Serbia to investigate the question of aviation services in war.

BOURBON FAIR WILL BE BIGGER AND BETTER THAN EVER.

The Bourbon Fair which begins August 19th, to continue five days, will be bigger and better than ever. Never has there been a larger number of premiums offered at a county fair in Kentucky, which insures an excellent exhibition in every department. Be sure to attend every day.

GOOD REASON FOR HIS ENTHUSIASM.
When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praises of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all dealers. (August)
